

Annual Chamber Dinner Nov. 7th

Earl H. Longworth, Executive Manager of the Grayling Regional Chamber of Commerce, announced today that Jack Stewart Wilson, the newly appointed Executive Director of the Michigan Tourist Council, will be the featured speaker of the 17th Annual Chamber Dinner to be held on Thursday evening, November 7th, at Chief Shoppenagons Motor Hotel.

The evening's festivities will begin at 6:30 p.m. with a social hour followed by dinner at 7:30 p.m. Door prizes will be awarded during the evening, and the annual raffle held at the close of the evening.

As director of the Michigan Tourist Council, Mr. Wilson administers the Council's advertising and publicity programs and other promotional efforts designed to increase vacation travel in Michigan.

Operations of the Council, a state government agency, based in Lansing with branch offices in Chicago and Cleveland, are conducted by a 19-member staff headed by Wilson whose activities have helped attract in excess of 1.4 billion in annual spending by tourists in Michigan.

Prior to his appointment as Council director in September, 1974, Wilson served as regional manager of the Council's Chicago office for 18 months. His previous experience included 2½ years as head of a travel agency in Western Springs, Illinois; 2 years as vice president, Midwest region, of Holiday International, Inc., travel agency and 7 years with Northwest Airlines, Inc., serving in various capacities from sales representative to district sales manager.

Born December 5, 1933, Wilson received his bachelors degree in business administration, with honors, from the University of Maryland.

A veteran of the United States Army, Wilson and his wife, Lila, reside in East Lansing with their children, Sheri, Laurie and Scott.

Grayling Winter Sports Carnival Named for EMTA Beaver Award

BAY CITY—"Beaver" awards have been presented to four communities at the East Michigan Tourist Association's annual convention in Frankenmuth for outstanding tourism promotion.

The awards are made annually to individuals, communities and businesses which in the judgment of a committee have best exemplified by actions and success, a continuing tourist promotions effort.

The awards this year went to Grayling's Winter Sports Carnival, Houghton Lake's Tip-Up-Town, U.S.A., St. Helen's Bluegill Festival and the Tawassee Perchville, U.S.A.

Representatives from each of the sponsoring groups were at the Frankenmuth meeting, October 17, to receive the awards.

Accepting the award was Earl H. "Chum" and Marilyn Longworth of the Grayling Regional Chamber of Commerce.

Grayling has the distinct honor of having two of these Beaver Awards since the introduction of the Beaver Awards in 1970. "Chum" Longworth received one in 1971.

Grayling is celebrating the 50th anniversary of its Winter Carnival in 1975. Houghton Lake is marking the 25th anniversary of the beginning of Tip-Up-Town, U.S.A. and the Tawassee will also be coming up with the 25th anniversary of Perchville, U.S.A. next winter. St. Helen noted the 25th anniversary of its Bluegill Festival last summer.

Last year's "Beaver" award went to the Zehnder family of Frankenmuth for the development of the various Zehnder properties in the Bavarian Village. The "Beaver" award was established in 1971. (EMTA Photo)

Vikes Host Blue Devils In Finale

Grayling's Viking grid squad will wind up their season this Friday when they entertain the surprising Blue Devils from Gaylord, who hold down the number 2 spot in the Michigan-Huron Shores Conference.

S.S. Rep. To Be Here Nov. 5-19

The Social Security Representative will be at the Crawford County Court House on Michigan Avenue in Grayling from 10:30 a.m. to 2:30 p.m. on Tuesday, Nov. 5. The representative will be there to meet with people who wish to apply for Social Security benefits, for Supplemental Security Income payments or for Medicare. The representative will also be available to answer questions and discuss Social Security matters.

Please note the Social Security representative will also be coming to Grayling on Tuesday, Nov. 19. In future months she will try to be in Grayling on the 1st and 3rd Tuesday of each month, but these dates will be confirmed later.

For further information, call 946-8360, the Traverse City, Michigan Social Security District Office.

School Play Set For Nov. 8-9

Tickets for the fall play, "George Washington Slept Here," are now on sale. Prices are \$1.00 and \$1.50, and they may be purchased through the Grayling Pharmacy or through Charles Spencer at Grayling High School.

The dates set for the play are Friday, Nov. 8 and Saturday Nov. 9. The play to be presented by the Grayling High School Drama Club is a comedy in three acts.

10th DISTRICT MEETING TO BE HELD HERE

The Tenth District American Legion and Auxiliary meetings will be held at the Post Home on Saturday, November 2nd. The dinner will be at 1:00 and the meetings will be held right afterwards.

Mrs. Alice Thomas, Department of Michigan Legislative Chairman, and Mrs. Marge Abbott, a member of the Department Americanism Committee, will be present. Mrs. Louise Ferguson, Department President, is also going to try to be at this meeting.

Just a reminder: The Legion Bar will be closed during these meetings.

The Vikes enter the contest with a 2-4 league record, and 4-4 overall, while the Blue Devils are 5-1 in the league and 6-2 overall.

Last Friday the Vikings lost a heartbreaker to the Cheboygan Chiefs, 27-26, and the Blue Devils knocked Charlevoix out of a tie for second, as they polished off the Raiders, 35-13. In other action, Petoskey kept rolling with a 41-14 route over St. Ignace, and Rogers City left Boyne City in the basement with a 7-0 win over the Ramblers.

A win over Gaylord could make the season respectable for the Vikings, even though finishing with a so-so record.

The game should be interesting in respect it will pit Cliff Bonamie, the Vikings' Bomb, and all-state candidate, against Ken Ames, the Blue Devils' Mr. Everything.

Grayling took a 26-15 lead into the final stanza against Cheboygan, but two scoring runs of 17 and 4 yards by Dave Cleary, the leagues top scorer, gave the Chiefs a 1-point hard fought victory.

Mark Hanson and Bonamie lead the Vikes offense, as Hanson scored 14 points, and rushed for 115 yards in 16 carries, and Bonamie rushed for 138 yards in 33 tries, scored one TD, and passed to Craig Hinkie for a TD.

Bonamie added to his school (See Football page 12)

"FLOWERS TO THE LIVING" AWARD—The Grayling Kiwanis Club annual Flowers to the Living Program was held October 21st at Chief Shoppenagons Hotel. The annual affair is held to honor a member of the Club for outstanding service to the club and community.

Robert Bovee was the member honored this year. He was presented with a plaque by Joseph Stripe, a past president of the local Club. Bob had served as club secretary for 15 years and held the office of president. He also served as Lt. Governor for the 18th Division, of which the Grayling Club is a member.

This event was also a ladies night, to which the Kiwanis wives were invited. As a surprise to Bob, his two daughters, Billie of Saugerties, N. Y. and Dena of Ann Arbor, were present. Also present were his two sisters from Kalamazoo and Livonia and his brother from Muskegon.

Past president, Eric Post, presented Mrs. Bovee with a corsage and Bob with some roses. Past president, Don Jansen, was in charge of the program, which consisted of an informative talk by an F.B.I. agent from Flint. Past president and past Lt. Governor, Lorne Douglas, acted as master of ceremonies.

Mr. Bovee is a counselor at Grayling High School. He is chairman of the Board of Directors of Kirtland Community College and a member of the Grayling City Council.

Red Cross Fund Drive

Through noon Sunday, October 27th, eighty six contributions were received totalling \$1186.14. That is a little over one third of the \$3500.00 goal: 34% to be exact. That is an average gift of \$13.79, a high rate, of which the community can be very proud.

But, based upon past performance, there are still hundreds of good friends of Red Cross who have not yet sent in their contribution. If you supported Red Cross in the past, please, send in your gift today, without fail. When the roll is called surely you don't want your name to be missing because of negligence.

And, there are several hundred more to whom last year Red Cross was a real friend and neighbor in time of need. A good neighbor, ready with blood, with Sick Room equipment, with assistance to Military Families in time of emergency need.

Let's keep faith with our proven good neighbor! Let's make sure we do not let our good friend's need go unfulfilled! You never know who will be next to need help from that good neighbor!

Make your contribution as big as you can, and mail it to:

Main Street Players To Present "Play It Again, Sam"

Humphrey Bogart is alive and well in the Main Street Players' latest production, "Play It Again, Sam." Directors Margaret DeSantis and Tom Tarrant, both of Grayling, have chosen their cast and have begun rehearsals.

"Play It Again, Sam" was written by Woody Allen for Broadway, where he played the character of Allan Felix, a natural neurotic who writes for a film magazine. He's also a cinema buff and his idol is Humphrey Bogart.

Divorced by his beautiful wife, Nancy, Allan is depressed and discouraged, sure that no woman will ever want him. Dick and Linda Christie, Allan's best friends, try to cheer him up by arranging several dates for him with lovely women. Allan almost kills himself trying to impress them with his intelligence and good taste, since he can't impress them with his looks.

He fails miserably each time. Finally, he and Linda fall in love, only to realize that it would never work. Linda goes back to Dick, and Allan realizes that it was because he wasn't phony with her that they fell in love.

The part of Bogart is brought to life by Jim Curcuro, 22, Grayling. Mr. Curcuro was last on stage in "Barefoot in the Park."

Harvest Supper

The Methodist Church Harvest Supper will be held on November 14th. Serving from 4:30 until 7:00 p.m. Adults \$3.00. Children 12 and under \$1.50. A family plan is also offered, \$10.00 maximum, including school age children.

Park," as the husband.

Dane Madsen, 26, Grayling, has the part of Allan Felix. Mr. Madsen holds a Master's degree in drama. He spent last summer in Springfield, Missouri presenting a one-man show of William Shakespeare's "Macbeth."

Linda Christie will be played (See Main Street page 12)

CORNERSTONE CEREMONY AT CALVARY BAPTIST—Calvary Baptist Church of Grayling completed another step in their building program Sunday, October 27th with the laying of the Cornerstone. The deacons and building committee joined together to participate in the service led by the pastor. The congregation was well represented as they sang, "The Church's One Foundation." The engraving of the stone was donated by The Rickard Monument Company of Traverse City. The church hopes to be in their new building within a few weeks. Everyone in the Grayling area who does not have a church home where the Bible is believed, is invited to attend Calvary Baptist Church. Those participating, from left, Pastor Barnett, Jerry McEvers, Larry Moffatt, Ted McEvers, Bud Corlew, Dale Rhode, John Lehr and Carl Englund.

Little opposition on the county level in the general election on Tuesday, Nov. 5th, will possibly have an effect on the turnout of voters here, even though the top office in Michigan heads the officers ballot, and four important state proposals are up for a decision.

There are only two contests for the Board of County Commissioners as the rest of the seats were decided in the primary election.

In District Four, incumbent Albert Westervelt, (R), is being challenged by Kenneth Carlisle, (D), while incumbent Bernard Bourrie, (D), is being opposed by Rolla Failing, (R), for the District Five seat.

The other contests here are all in the Township level.

In Grayling Township, incumbent Supervisor, Bernard J. Fowler (R), faces competition from Carl J. Kellogg, (D), and incumbent Constable, Alfred H. Harland, (D) will be challenged by Neil J. Rouse, (R).

The office of Supervisor in Lovells Township also has a contest, with incumbent, William Koerke (R), being opposed by Frederick Schaibly, (D). Also, incumbent Twp. Clerk, Evelyn Bates, (R), is being challenged by Ann Carole Duby, (D).

In Frederic Township the only contest will be for Constable with Democratic primary winner, Rodney D. Hinkle, vying with Republican, Edward R. Durga for the office.

For the top offices in Michigan, incumbent Governor William G. Milliken and running-mate Lieutenant-Governor James J. Damman, are being challenged by Democrats, Sander M. Levin and Paul Brown.

In two other state offices, incumbent Secretary of State, Richard Austin, (D) is opposed by N. Lorraine Beebe, (R), and incumbent Attorney General, Frank Kelley, (D), is challenged by Myron Wahls, (R).

For Representative in the U. S. Congress from the 11th District, incumbent Republican, Philip E. Ruppe will be opposed by Democrat, Frances D. Brouillette.

Incumbent State Senator, 37th District, Robert Davis, (R), is being challenged by Democrat, Prentiss Brown. The office of State Representative, 103rd District, will also have opposition with incumbent Ralph Ostling, (R), facing James Miller, (D).

Two members to the State Board of Education, members to the U. of M. Board of Regents, the Board of Trustees to MSU, and Board of Governors, Wayne State U., will also be elected.

All in all, the officers' ballot will have nine party headings with separate contests shown for the offices named above. Besides the Democrat and Republican Party's, others are, American Independent, Socialist Workers, Socialist Labor, Human Rights, Conservative Party of Michigan, Communist and United States Labor Party.

The Non-Partisan "B" ballot, will have candidates listed for Justice of the Supreme Court; Judges of the Court of Appeals, 3rd District, regular term, and Judges of the Court of Appeals, 3rd District, next term.

The "C" ballot concerns the four State Proposals: "A" Limiting use of motor fuel tax funds; "B" Vietnam and other veterans bonus bonds; "C" Removal of sales tax on food and prescription drugs; and "D" State-Wide transportation systems bonds.

South Branch Township will have two propositions of their own on millage to be used only for road construction purposes.

Voters in Frederic Township will also have a proposition on millage to be used for the operation maintenance and purchase of equipment for the Frederic Twp. Volunteer Fire Department.

The polls will be open from 7:00 a.m. until 8:00 p.m. in the various Townships and the City of Grayling. Grayling Township voters will cast their ballots in the Middle School gym on Ottawa St. in Grayling.

Vikes Cinch M.H.S.C. J.V. Title With 30-14 Win Over Cheboygan

The Grayling Sophomores won their eighth straight game and remained undefeated by topping Cheboygan 30-14 at the local gridiron last Thursday evening. It also marked a J.V. team's tenth straight home win spanning three seasons.

Quarterback Steve Olsen led the young Vikes to their first score, against a tough Cheboygan defense, with the team going 50 yards in seven plays. Tailback Grant Byce pounded over from 4 yards out for his first of four touchdowns. Quarterback Alan Johnston directed the next drive which he climaxed with a 25 yard touchdown pass to end Doug Sajdak that split two opponent defenders. The halftime score was 12-0.

Grayling caught the Chiefs sleeping to start the second half as Byce broke loose on the first play from scrimmage and ran 60 yards behind fine blocking for the score.

With the score 18-0 Cheboy-

gan made a determined bid for victory with two third period counters to bring the score to 18-14 at the start of the fourth quarter.

In the last stanza, following key pass interceptions by Johnston and Sajdak, Grayling drove for two scores with Byce scoring both on bursts of 5 and 15 yards.

Byce finished the evening with 203 yards in 22 carries. Johnston had 75 yards passing, much of that gained in three key third down situations to end Bill Dean.

Defensive back Steve Olsen, had many solid hits before breaking his wrist in third quarter action. Steve will be missed in the season finale at Gaylord.

Defensive nose-guard John Slater was outstanding against Cheboygan making seven unassisted tackles and being in on twelve tackles. Dean and Ross Helmick also played a good defensive game.

Coach Chuck Mires' Grayling J.V.'s stand alone at the top of the junior conference with a 6-0 record and, with one week to go, no other conference team stands better than 4-2 with Charlevoix and Gaylord sharing that mark.

Coaches Mires and Mills report that sophomore tackle Dave White was moved up to the varsity before the Cheboygan contest and with Will Roach and Steve Olsen lost on injuries, team depth and desire will play a big role against a good Gaylord team at Gaylord tonight (Thursday - game time 6:30 p.m.). Two Grayling spectator buses are scheduled to follow the J.V.'s to Gaylord in their determined quest to finish undefeated as well as being Junior League Champions.

McISAAC COMPLETES AF TRAINING

Will Appear At M.M. Church

The Junior High youth of the Michelson Memorial United Methodist Church are proud to announce that Hawaiian Joe will be witnessing in song and sharing what Jesus means to him, and how his Lord and Saviour delivered him from a life of drugs and alcohol.

Hawaiian Joe, a former night club entertainer, and the youth of our church welcome everyone to an evening of Christian fellowship on November 6th at the Michelson Memorial United Methodist Church, located on Michigan Avenue, Grayling.

Bring the whole family for a spaghetti supper from 5 to 7 p.m., followed by Hawaiian Joe.

HALLOWEEN CAUTION—Halloween fun can be cut short by tragedy when children with their minds on goodies dart suddenly into the street between parked cars or cross in mid-block. Automobile Club of Michigan reminds. With Michigan's return to standard time and darkness falling an hour earlier, motorists are urged to be especially watchful for young trick-or-treaters making their rounds this Halloween (Thursday, Oct. 31). Parents and older children can help make this a safe Halloween for youngsters by following these Auto Club suggestions: • Escort young children and have them home by 8 p.m. • Make sure youngsters cross streets only at lighted corners. • Include white or light-colored cloth or strips of reflective material on costumes. • Avoid loose-fitting hoods that completely cover the face. • Be sure costumes are not so long that they could trip the child. • Make sure masks fit properly so the youngster can see well and that masks are removed when crossing streets.

Hospital Auxiliary Report

The Mercy Hospital Auxiliary Holiday Tea and Bazaar is over; it was great, fantastic and beautiful. To all the ladies who worked so endlessly for months and gave their time so willingly, a thousand thanks! To Sister Mary Hilda and the Sisters of Mercy Hospital, my sincere thanks for their help and donation; the Hospital Staff for their effort to help in all ways where they were needed.

Our thanks to all the people who supported us, attending the tea, and donations we received. Our goal for the beds in the Coronary Unit is complete and we are having a good start on our new project! It is a great feeling to work together with all our Auxiliary members and accomplish so much. Without their help, the community in Grayling, and out of town members and friends, we could never have gone over the top of our goal.

I am sure everyone is grateful for this big success. I am thankful to all of you who made this possible. Hope to see you at our next meeting, November 12th, so you may hear a full report. Please note the change. Winners on the Ticket Sale are as follows: Table cloth and candle, Mrs. Ruth Fenton; Afghan, Mrs. Rose Duley; Stole, Mrs. Doris Sorenson; Stole, Mrs. Bill Joseph; Afghan, Mrs. Helen Roblin; \$50 bond, Mrs. E. October 24, 1974
Dear Editor,

Tuesday, November 5th, Michigan voters will again have the opportunity to vote on a proposal giving the state the authority to borrow money to pay a military bonus to Michigan Vietnam veterans.

As a member of a Board concerned with the needs of the veteran and his dependents, I come in daily contact with the Vietnam veteran. When I talk to a Vietnam veteran, I see a man who has served his country, fought in an unpopular war, made many sacrifices, and a person who is disgruntled and cannot understand why he has been forgotten by the voters of Michigan.

The Vietnam veterans' first question invariably is "When is Michigan going to pay a Vietnam bonus?" I find it hard to explain to these people the reasons why a Michigan Vietnam bonus was turned down by the voters in 1972.

I find it hard to tell the Vietnam veteran that Michigan did pay a World War I, World War II and Korean Conflict bonus.

When it came to voting for a bond issue for World War II and Korean Conflict bonuses, the voters of Michigan had no doubt in their minds about paying such a bonus. The proposals were overwhelmingly approved at the polls.

In November of 1972, the Vietnam bonus proposal was turned down by approximately 112,000 voters. Why? I have a few ideas, but I am unable to explain these ideas to the Vietnam veterans I talk to.

I think it is time that the voters of Michigan awaken and remember that the Vietnam veteran is as worthy of a military bonus as World War I, World War II and the Korean Conflict veterans were, and that when the voters enter the booth on November 5th, my only wish is that they vote "YES" and prove to the Vietnam veteran that we have not forgotten him.

My colleagues on the Michigan Veterans Trust Fund Board of Trustees have also overwhelmingly supported this issue and are looking forward to a favorable vote on November 5th.

Very truly yours,
Norman N. Robbins, Chrm.

25th ANNIVERSARY

In celebration of their 25th wedding anniversary, Mr. and Mrs. Thomas Welsh had their family and close friends for a dinner party on Sunday, October 20th.

Mrs. Welsh's family from Vassar who were in attendance were her mother, Mrs. James DuBois; a brother, Mr. and Mrs. James DuBois and daughter Suzette, and two sons, Mr. and Mrs. Randy DuBois and Heather and Mr. and Mrs. Leeds DuBois; another brother, Mr. and Mrs. Leeds DuBois, Kathy and Brian; a sister, Mrs. Betty Stanley, her friend, Warren Reed, and her son, Mr. and Mrs. Jim Stanley, Jim, Dorothy and Betty Ann.

Mr. and Mrs. Louis Soblesky, of Saginaw attended as did Mrs. Mary Schack and her mother, Mrs. John Hunter, of Essexville. Marian and Mary had not seen each other in 28 years, so it was a wonderful surprise for Marian.

Those attending from town were Mrs. Les Welch, Col. Edmund Rutkowski, Sally Bebow, Mrs. Fred R. Welsh, Mr. and Mrs. Frank Doty, Jennifer and Blair, and Tom Welsh, Jr. and his guest, Lynn Akers who were home from MSU and CMU.

"It's odd that all the animals except man know that the main thing about life is to enjoy it."

Bride Elect

Mr. and Mrs. Vincent Caudy of Roscommon announce the engagement of their daughter, Lynn Morice, to Hickey Dean Youngs, son of Mrs. Beatrice Youngs and the late Floyd D. Youngs of Grayling.

Miss Caudy is a 1973 graduate of Roscommon High School and is presently a sophomore at Kirtland Community College. Her fiancé is a 1968 graduate of Grayling High School and is employed with the National Guard.

Wedding plans are indefinite.

EMTA Winter Guide Ready

BAY CITY—The new full-color 1975 East Michigan Winter Sports Guide is ready for the cold weather. Featured in the 48-page "outdoor action" booklet are the major winter festivals in East Michigan and full information on ski slopes, cross country ski trails and snowmobile trails.

The Grayling Winter Sports Carnival is celebrating its 50th anniversary in February 1975. The two ice fishing festivals, Tip-Up Town, USA at Houghton Lake and Perchville, USA at the Tawas are marking their 25th year of winter fun.

Sport shops say the fastest growing segment of the winter sports scene is ski touring. A review of the state forest areas devoted to cross country skiing reveals that almost none of the areas are open to snowmobiles. In fact Hartwick Pines State Park is closed to snowmobiles entirely, leaving more than 2000 acres free to the narrow sled skiers to roam at will.

Forty thousand copies of the East Michigan Winter Sports Guide will be distributed via direct mail, travel information centers, sport shops, AAA offices and Michigan Tourist Council offices in Lansing, Chicago and Cleveland. For a free copy write to: East Michigan Tourist Association, Winter Guide, Log Office, Bay City, Mich. 48706.

Alumni News

This week I must write about the Alumni Dinner. We all thank the Hot Lunch cooks for doing a tremendous job.
 I wish I could fully describe to you all the hard work it took to prepare the food in the kitchen at the elementary school, transport it to the new high school, and serve it hot and good. Fern Duncan was chairman (Head Cook?).

Her able helpers were Eunice Slusser, Arlene Englund, Frances Hanson, Joan Hall, Loretta Christian, June Griffith. Our young ladies who poured coffee were Cathy Adkison, Debbie Foster, Becky Wakeley, Iva Geoit and Karen Geoit. Thanks to them for helping us.

We appreciate the space the Crawford County Avalanche gives to us any time we need it. It is our one, good, public contact with a lot of G.H.S. Alumni.

Mike Gardiner sent me a personal greeting, told me he is now settled in Menasha, Wisconsin, teaching at St. Mary's High School.

Homecoming 1975 is set for October 4th. Might be a good idea for some of the G.H.S. Band Alumni to get the instruments out of the closet. Sure would make a PEPPY addition to the day.

Frederic News

by Arlene Kesby

Just a reminder to all you Senior Citizens, there will be another potluck Wednesday, November 6, at the Frederic Sportsman's Hall at five o'clock. Bring your own table service and a dish to pass.

There will be a Fish Fry at Frederic Inn, 1st and 3rd Friday of every month from 5:00 to 10:00 p.m. Adults \$2.50, Children, \$1.75. The proceeds will go for the building expenses and new equipment for the new Fire truck and Ambulance.

Betty Crocker coupons and Glen's Market grocery tapes are still needed for the projector for the new Frederic Community Library.

Save money this winter.

Cut your heating costs up to 17% with our official insulation program.

Last fall, at the direction of the Michigan Public Service Commission, Michigan Consolidated introduced a low-cost home ceiling insulation program designed to conserve Natural Gas and cut heating costs up to 17%.

How successful has the program been? Well, in the past 10 months, more than 37,700 homeowners have installed ceiling insulation and, as a result, over one billion cubic feet of Natural Gas per year is being conserved. That's enough to heat over 6,500 additional homes this winter. And, that's why we're continuing our insulation program again this fall. Because *now* is the time to insulate and save.

The heart of our program is simply this: Install six inches of ceiling

insulation in your home. It's a quick, easy and inexpensive project that most homeowners can accomplish by themselves for about \$100.

How can you get the job done? First, you can do it yourself, and we'll gladly provide a free handbook that tells you how. Secondly, you can have it done by an insulation contractor and, if you wish, we will provide you with a list of qualified firms. Or, third, we can have the job done for you through one of our participating subcontractors. The cost is often under \$200 for homes with less than 1,000 square feet of ceiling area.

If you want the job done through one of our participating subcontractors, we have a payment plan to suit every budget. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

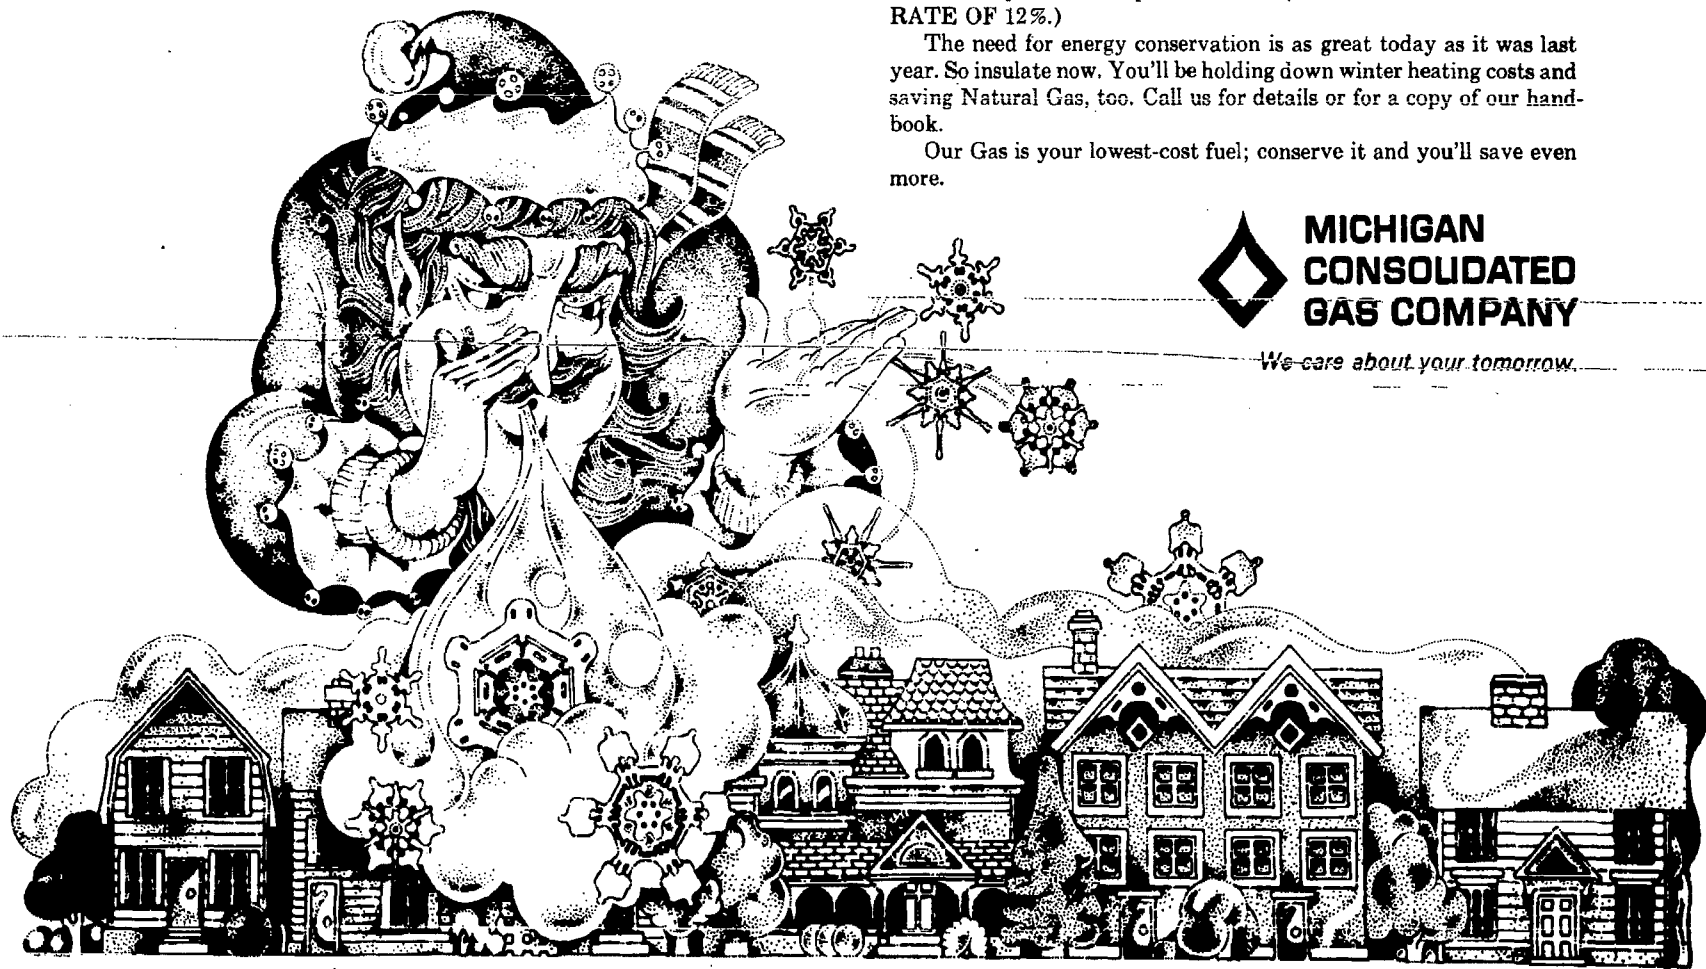

The need for energy conservation is as great today as it was last year. So insulate now. You'll be holding down winter heating costs and saving Natural Gas, too. Call us for details or for a copy of our handbook.

Our Gas is your lowest-cost fuel; conserve it and you'll save even more.

Large Gifts Boost TV-6 Campaign Total To \$136,363.70

By Bob Bruce

MT. PLEASANT—Gifts totaling \$11,000 from two major Northern Michigan corporations have helped increase to \$136,363.70 the latest interim total in the drive to build public television station WCML-TV, Channel 6.

The new interim-total was reported Friday, (Oct. 25) by Central Michigan University.

The figure represents about 53 per cent of the campaign's \$250,000 goal and includes actual cash and pledge receipts of \$86,363.70 and a \$50,000 challenge gift from Besser Foundation and Jesse Besser Fund, Inc., both of Alpena.

Among recent contributions to the drive have been gifts of \$6,000.00 from the Medusa Cement Co., a division of Medusa Corporation, Charlevoix and \$5,000.00 from the Presque Isle Bank, Rogers City.

Regional campaigns are continuing throughout the proposed station's 23 county broadcast area.

WCML-TV is expected to begin broadcasting by mid-1975. When completed, it will offer free, full color public television service to some 300,000 Northern Michigan residents.

Canoeing Improvements Reported

LANSING—The Natural Resources Commission, at its October meeting in Lansing, heard a report from the Department of Natural Resources on the many DNR activities aimed at improving the quality of canoeing in Michigan.

All told, construction benefiting canoeists has taken place at 73 sites on 35 streams or rivers over the past two years.

Two DNR divisions, Waterways and Forestry, have been working on access sites for canoes to encourage canoeing on less-used rivers and to help relieve congestion on those receiving heaviest pressure. Waterways Division has developed 40 access sites on 17 different rivers while Forestry Division has completed or is working on 27 canoe camps in state forests.

Both divisions are also installing canoe racks for stacking canoes at camping and access sites. This has been accomplished at 23 locations.

In the words of the report, "We can conclude there has been a great deal accomplished in the past two years for the benefit of canoeists. There is much more to be done and, hopefully, the momentum can continue."

The need for the DNR program is indicated by increased canoeing activity in all three DNR regions. The numbers of registered canoes at commercial liveries alone, have gone from 4,488 in 1972 to 5,121 in 1973 (an increase of 15%) with another jump expected in 1974 figures yet to be compiled.

Despite the increased activity, reports indicate less evidence of serious conflicts and user problems, although litter appears to remain one of the greatest concerns.

Livery operators have been helpful in keeping these problems down, however, by providing canoeists with litter bags and cautioning them about trespass and the rights of other river users.

Water Power

The Zaire River in Africa, formerly known as the Congo, empties 1,400,000 cubic feet of water into the Atlantic Ocean every second. This tremendous outpouring of water stains the ocean brown for thirty miles out to sea.

Mrs. John Sojka and Donald Borchers spent Monday, Oct. 21, with their aunt, Mrs. George Granger at Big Rapids. Ruby is home from the hospital and is at her home at 617 Cherry St., Big Rapids.

Mr. and Mrs. William Tutt, sons Bruce and Steven from Wisconsin, arrived Monday to spend the winter in Grayling. They will live in the guest house at her mother's, Mrs. Herbert Wolff. They will both be helping at Olson's Shoe Store during the winter and the children will attend Grayling schools.

Rev. and Mrs. Paul Frederick recently returned from a week of evangelistic work at Waterford, Wisc. They were sent by the National Board of Evangelism of the United Methodist Church. In July, 1975, the pair will go to Australia to conduct several New Life Missions for the same agency. The week included early morning devotions, Bible study, preaching at evening services, and several sessions on the Healing Ministry of the Church. Waterford is southwest of Milwaukee in farming and dairy country. They also visited a Federal Wildlife Sanctuary to see two hundred thousand migrating Canadian geese.

On Sunday afternoon, October 20, a family potluck supper was held at the cottage of Mr. and Mrs. Stuart Rutledge at Higgins Lake. United Nations Children's Fund HALLOWEEN CAMPAIGN

Pennies, nickels, dimes and quarters -- they all added up to more than \$3 million last year when young Trick or Treaters collected coins for UNICEF in neighborhoods throughout the United States. These contributions helped provide food, medicine and educational assistance for millions of youngsters in developing nations. Even more is needed this year when up to 500 million children are threatened with severe malnutrition and even starvation by the world's economic crisis.

W.O.T.M. News

A meeting was held October 21st, for the Women of the Moose, and we enjoyed a good turnout. There were no new members and after a short meeting, we adjourned to the basement for our annual Christmas in October for Mooseheart and Moosehaven.

It is always too bad that more do not show up for this meeting, for it is this time of year when our elderly at Moosehaven begin to look toward Christmas, as all Moose chapters and lodges have programs so they can send money or gifts down.

Also, the children at Mooseheart are starting to look for packages from all chapters and lodges even though they don't arrive until Christmas morning. Our next meeting will be held November 4th.

**Store Vegetables For Winter Use**

By Willard E. Bosserman, County Extension Director

You can keep many of those "extra" vegetables you have grown in your garden if you store them properly. You can't store all of them in the same place because they require different temperature and humidity conditions.

Carrots, beets, parsnips, salsify, rutabagas and turnips need cool, moist air. Humidity of 90 to 95 percent and temperatures of 32-40 degrees F are best. You have to make these conditions because most basements are warmer and drier than that. The vegetables can be stored in moist sand or leaves to keep them at the right moisture.

Carrots, parsnips and salsify can be kept in the garden all winter. I cover the protruding carrot tops with soil then cover the whole plant with about six inches of straw or leaves. I place a stake at the beginning of the row so I can find it after the ground is covered with snow. I dig carrots all winter as I need them. They are as fresh as can be.

You can make a storage for these kinds of vegetables right out in your garden. Place the vegetables on the ground or in a cone-shaped hole six to eight inches deep. Surround the vegetables with a three to four inch layer of straw and cover with three to four inches of soil. Pack the soil and dig a drainage ditch around the pit.

Even a large garbage can or barrel can serve as a handy

vegetable storage container. Alternate layers of straw and assorted vegetables, then cover the container with a good layer of straw and cover the straw with soil.

Potatoes, cabbage, cauliflower and Chinese cabbage need cool, moderately moist air, with humidity of 80 to 90 percent and temperatures between 32 and 40 degrees F. An unheated basement may provide these conditions. If the furnace is in the basement it will be drier and warmer.

Onions, beans, peas and soybeans should be stored in a cool, dry place. Pull onions after the tops have dried and spread them out on a well-ventilated place to dry for a week or 10 days before storing. Store in an attic or dry room in the basement where they will not freeze. An attic where the ceiling is insulated will freeze. Put onions in slatted crates or coarse mesh bags or place them on shelves in thin layers. In closed containers or deep layers, they may heat up and spoil. Store dry beans, soybeans, and peas in closed containers, such as glass jars.

Pumpkins and squash should be stored in a dry, warm place with temperatures between 40 and 60 degrees F. They keep best if placed on a shelf so they do not touch one another.

TO MEET

World War I Auxiliary and Barrack 3388 will meet at the Legion Hall November 5. Potluck at 1:00, meeting to follow.

TO THE VOTERS OF GRAYLING TOWNSHIP

My respected opponent has asked, "What relative experience would I bring to the Township?" As I prepare to answer his question, my early recollection of Mr. Fowler, before he entered into Township Government, very vividly comes to mind. Mr. Fowler was one of the best river guides the AuSable has ever seen, and his winning of the Canoe Race three years in a row produced a celebration in Grayling none of us will ever forget.

Perhaps my experience is not as impressive as Mr. Fowler's; however, I feel my twenty years in business and being in daily contact with the people of the Township gives me some knowledge of their wishes and desires in regards to their Township. My years of building retirement homes gave me the know-how of cost, construction and value and confidence in myself that I can and will do the job, with the help of the people who elect me. These will be my assets that I shall bring to the office of Supervisor.

Sponsored by the Student Senate of Kirtland Community College, the contest drew several entries and each was judged for most original, most unusual, and most expressive characteristics. The pumpkin carving contest is one of several recreational activities coordinated by Miss Carol Savino, Student Activities Coordinator. Miss Guoan is a senior cosmetology student at Kirtland. Unaccustomed to working on monsters and ghouls in her normal classroom efforts, she obviously has the talent to perform cosmetology wonders on any subject. Jeanne is the daughter of Mr. and Mrs. Alfred Guoan of Tawas City.

record of 1281 yards rushing and 106 points in 8 games, and will need a big night to crack the 1500 yard mark, against one of the toughest defenses in the league, in his final game for the Vikes.

"Injuries to linebackers, Scott Hanson, Ron Hall and Tom Haskel in the Cheboygan game, may make the going a little rough on the Vikings' defense in stopping Ames and Dave Johnson, the Blue Devils quarterback. In their running and passing," Coach Mike Wieland said.

"Hall lead the Vikes defensively Friday after a 2-week layoff with 6 tackles and 6 assists. Haskel followed with 5 and 5, but had a strained back muscle, and will be a questionable starter Friday," Coach Wieland added.

Larry Baynham was the leading lineman with 4 solos and 8 assists. Don Vollmer recovered one fumble, and Mark Hanson set up the Vikes first TD with a 42 yard return of a fumble.

Big tax, bond issues

on Nov. 5 ballot

Voters being the type of being that we are, chances are that in the Nov. 5 statewide election, relatively scant notice will be taken of four statewide questions to be decided at that time.

These are Proposals A through D—two would amend the state constitution; each of the other two is called a "referendum on legislation," which would have the same effect.

It's unfortunate but true that voter attention trails off significantly before the citizen gets to the ballot propositions. Some of us just forget to vote on these questions, partly because they're off in one part of the voting machine (or in separate paper ballots) and historically voter attention is riveted on the candidates.

In an effort to inform readers of this column on decisions they should help make, here are the proposals as they will appear on the Nov. 5 ballot; and in an effort to stimulate some thought on the questions, how I personally intend to vote on them:

Proposal A: Limiting use of motor fuel tax fund.

The proposed constitutional amendment would: (1) prohibit the use of motor fuel tax funds by law enforcement agencies for highway patrol purposes; and (2) "limit the use of motor fuel tax funds for public transportation to one-eighth of the amount received. Should this constitutional amendment be adopted? Yes or No?"

My intention: I plan to vote "no" on Proposal A, but without a great deal of conviction one way or the other, and with the warning that I may change my mind between now and election day.

The state constitution now provides that highway user taxes must be "used exclusively for highway purposes as defined by law." The new language would specifically forbid user taxes as a means to support highway patrols (Query: Is patrolling highways a highway purpose?). The new language also would specify 1-18th of motor fuel tax as the maximum which could be "used for public transportation purposes;" the most recent 2-cent gas tax hike earmarked a half-cent for public transportation.

It seems to me the proposed amendment is a contradiction; it sort of seeks to protect the so-called sanctity of highway funds for highway purposes, but not quite. I'd prefer to stay where we are; but I could be convinced otherwise.

Proposal B—Vietnam and other veterans bonus bonds.

The proposal would: (1) authorize the state to provide veterans of the Vietnam and other conflicts who served between January 1st, 1961 through September 1st, 1973 with a service bonus; (2) authorize the state to borrow \$205 million for this purpose; (3) authorize the state to issue general obligation bonds therefore and (4) provide for repayment from the general fund. Should this proposal be approved? Yes or No?"

My intention: I'm going to vote "Yes" on Proposal B. This is the one with which I have the least trouble in coming to a decision. The state has authorized bonus payments for veterans of our other wars, including the Korean engagement; why not Vietnam? In my book, there can be no legitimate argument against approval of the Vietnam veterans bonus.

Proposal C—Removal of sales tax on food and prescription drugs.

The proposed constitutional amendment would: (1) remove the sales tax on food and prescription drugs used for human consumption except food prepared for immediate consumption and alcoholic beverages; and (2) compensate units of government, other than the state, for the resulting loss of revenue by increasing each present allocation of sales tax revenues to such units by 1-5th. Should this constitutional amendment be adopted? Yes or No?"

My intention: This is the most controversial of all four proposals and has caused the most intensive political discussion. Gov. Milliken is opposed to repeal; Democrat Sander Levin favors it. The big union forces in Michigan favor sales tax repeal on food and drugs; the state Chamber of Commerce and most other business-oriented groups want to keep the tax where it is.

I intend to vote in favor of repeal of sales tax on groceries and prescription drugs, knowing full well that—Candidate Levin to the contrary, notwithstanding—repeal will mean an increase in income taxes to replace the loss of an estimated \$200 million in state revenue.

It seems to me that this proposal is the quickest, surest, most-direct way to reduce the cost of food by at least 4 percent, and anybody who has been in a supermarket lately knows the merit of cutting food costs for the consumer. Repeal of the tax on food—complicated as it may be to implement—also should help lower income consumers proportionately more, because they use a higher percentage of spendable income on food than those who are better off.

Proposal D—State-wide transportation systems bonds.

The proposal would: (1) authorize the state to borrow the sum of 1.1 billion dollars to finance the planning, acquiring, constructing and equipping of various land, air, and water transportation systems, other than operating and maintenance expense; and (2) authorize the state to issue general obligation bonds therefore; and (3) provide for repayment from the general fund. Should this proposal be approved? Yes or No?"

My intention: I'm going to vote "No" on the mass transit bond program, although almost all of the usually "right people" in the state are in favor of it, from Gov. Milliken and Candidate Levin, union wheels, business, political and education moguls right on down.

Michigan's financial resources admittedly are limited; to commit \$1.1 billion for mass transportation in my view is an unwise allocation, of these priorities, even though it would attract bundles of federal matching funds.

The announced spending split smells like a pork barrel, which is not all bad—\$540 million, or more than half, for Detroit area transportation programs, \$362 million for outstate Michigan rail and bus service, \$100 million for airport development, \$50 million for Great Lakes ports, even \$25 million for bicycle paths. Yessir, there's something for everyone.

To me, it doesn't make good sense. Sooner or later, we're going to pay for every penny of it.

This column is not an attempt to sway votes on any of the four issues.

Rather, it seeks to provide information and stimulate thought for questions that all Michigan voters will have a chance to decide Nov. 5—and may not have thought about too much.

SECTION TWO—EIGHT PAGES

Change in Policy Regarding Land Ownership For SSI Claimants

Persons who were denied supplemental security income because they owned too much land, should contact their Social Security Office, according to Dale M. Averill, Manager of the Traverse City District Office.

Previous policy set a limit of one acre of land associated with the home. Some persons whose homes were situated on larger land areas were denied regardless of the value of the land.

A recent change sets an upper limit of \$25,000 valuation of the home and all associated land. Mr. Averill said that any persons whose applications were previously denied because of excessive land ownership should contact their Social Security office to see if they may qualify under the recent change.

The Social Security Office in this area is located at 1111 E. Front St., Traverse City. The phone number is 946-8360.

School To Offer Adult Recreation Programs

The Crawford AuSable School District is offering an Adult Recreation Program through its Community School Program it was announced earlier this week by Community School Director Howard Taylor. The program will consist primarily of open gyms for recreation, a women's volleyball program and possibly an independent basketball league.

There will be a meeting on Wednesday evening, October 30 in the Middle School Gym to finalize plans for an independent basketball league. Anyone interested in working with this type of program should plan to be at that meeting at 7:30 p.m. Other aspects of the Adult Recreation Program will also be discussed at that time.

Presently there is a program of women's volleyball which meets on Monday evenings in the Middle School Gym. There are also open gym programs at the Grayling Elementary School on Monday evenings, at the Frederic Elementary School on Tuesday and Wednesday evenings and at the Middle School Gym on Sunday afternoons. Anyone who would like to take part in any of these programs may do so.

All of the open gyms and organized Adult recreation activities will be supervised this year. Cost of supervision and other costs of the program will be covered through the sale of Recreation Passes. These passes sell for the price of \$10.00 and will admit the owner to any of the adult recreation activities for the entire year. The passes are not transferable and each person who plans to attend any of the recreation programs must purchase a Recreation Pass. Passes will be available at any of the scheduled activities.

Last Winter For Motorists To Use Studded Tires

This is the last winter that motorists in Michigan will be able to use snow tires with metal studs not approved by the Department of State Highways and Transportation, according to Automobile Club of Michigan.

"All studded snow tires that motorists now own or plan to purchase can be used without restriction within Michigan this winter from December 1 through April 1," states Joseph Ratke, Auto Club touring manager.

If the studs are removed, the tires may still be used on highways after this winter, and persons with a strong wrist and pliers can remove the studs, or most tire dealers will do the job for \$3 to \$5 per tire, Auto Club points out.

Last year, Public Act 138 was passed, which after April 1, 1975, bans metal tire studs of the type now used in Michigan. The law also changed the date that any studded tires can first be used each winter from

November 1 to December 1.

The Highway Department is now empowered to establish rules regulating the use of highway traction devices after this winter.

Ratke adds: "If studs can be developed that will reduce road surface damage to 25 percent of that now caused by tungsten carbide studs, the Highway Department could approve their use."

Auto Club states that while unapproved studs will be prohibited after this winter, the new law will not affect the use of tire chains or snow tires.

Elsewhere, the number of states restricting the time period studded tires will be permitted on their roads with winter has decreased from 29 to 27, according to Auto Club.

The state of Utah has gone from an earlier ban to a restricted period of use, from Oct. 15 to March 31. The District of Columbia, which restricted

Tax Relief or Mandate?

A vote for Proposal C, to remove the sales tax on food and prescription drugs, could mean a wee bit off your grocery bill.

That says "could" and not "will" because some folks figure retail stores might just absorb the tax removal. It's suggested also that buyers might not notice the removal of the tax if there's another round of food price increases.

What is virtual certainty is this: Passage of Proposal C on election day will mean a bigger bite in the form of higher taxes elsewhere.

That's because the taxes bring in an amount estimated between \$200 and \$450 million. The money would have to be made up somehow. The talk now is of an income tax increase of some 0.6 percent, from the current 3.9 percent on personal income to 4.5 percent.

Backers of Proposal C, including the Michigan Citizens Lobby which organized the million drive to put the question on the ballot, and Democratic gubernatorial contender Sander Levin say the money could be made up by cutting government spending—without a tax increase.

"You cannot absorb that kind of revenue loss without disastrous cuts in vital state programs," counters Gov. William Milliken, who is seeking re-election.

He specifically mentions education, which takes nearly half the state budget now, public health, mental health, consumer and environmental protection, agriculture, corrections and police protection, and revenue-sharing with communities.

A private organization, the Citizens Research Council of Michigan, goes along with the governor's assessment. "Circumstances preclude any possibility of absorbing the sales tax loss in either (the current or next fiscal) year," the Council says.

Some other things to consider: —Michigan taxpayers will, if Proposal C is approved, be making up in other taxes what out-of-state travelers in Michigan now pay in sales tax.

—Removal of the tax will cost something to administer, since the state would check stores for compliance.

—If the Legislature increased the income tax to make up for lost revenue, it is not unreasonable to assume they might add just a little more to pay for something else.

Among harshest critics of Proposal C is the Michigan State Chamber of Commerce, which calls removal of the sales tax a "meat-ax method" of controlling spending and taxes.

"Approval by the voters would create fiscal chaos for Michigan and not give the tax relief that its sponsors are trying to peddle," says Chamber President Harry Hall.

"Anybody who thinks that you can remove more than \$200 million from revenues without imposing another tax is either naive or intentionally deceitful or both."

Watch out for pheasants

What Jim Sparling may not understand is that the pheasants are getting away, for lord's sake. Something has got to be done before this nation is overrun with rampaging ringnecks.

It is a fine thing for Sparling to be against gun controls. But what this country really needs is a law requiring every citizen to own a gun and to kill at least 1 animal per week. Otherwise, there'll soon be a 10-point buck crowding in front of you in the A&P checkout line.

Sparling is a Republican candidate for Congress from my district. He recently told a Michigan Deer Hunters' meeting: "Firearms don't kill people, people do."

Strip off the back of his conservative gray suit and he'll stick to any bumper.

Sparling was speaking in Lapeer but he gave no indication he was aware of the great danger nearby. He wasn't even wearing a pistol. Probably his dumb aides hadn't told him about the marauding pheasants taking over the State Game Area just a few short miles north of where he stood, unarmed. Otherwise, he would have sounded a warning: "Firearms don't harvest pheasants, people do. And you'd better get busy."

The Mich. Dept. of Natural Resources (DNR) started the trouble with its Put and Take program. The DNR breeds thousands of pheasants and then releases them at various locations so hunters can harvest them. As I pointed out last year, the hunters wear bibtop overalls, carry pitchforks and drive Allis-Chalmers tractors. Back on the farm, the hired man is shooting wheat.

Put and Take worked fine last season. The DNR told harvesters when and where the pheasants would be released, so attack plans could be made in advance. In our area one weekend, it was possible to muster 3,500 harvesters against 250 pheasants. Under these conditions, the

territory was secured quickly with no enemy surviving. The only casualty among the harvesters occurred when an infantryman ran up against a particularly stubborn flip-top beer can and cut a knuckle.

But something subversive infiltrated the DNR this year. Perhaps it all started when a park ranger was scratched by a Communist squirrel. Anyway, an unAmerican decision was made. There is now no prior announcement of exactly when the pheasants will be released. The invasion can come at any time, without warning. There is no way the harvesters can be prepared. They can't man the fort 24 hours every day. After all, this is a volunteer army and even the most patriotic harvester must spend some time earning a living, helping the hired man shoot wheat.

The fearful result is not surprising. In our game area, a pheasant survival rate of 40% and even 50% a week has been reported. This means almost as many pheasants are staying Put as are being Took. There may well be an escaped pheasant flapping around your home right now, as you read these very words.

This is happening despite the heroic efforts of a few harvesters who have been tracking the trucks that deliver the pheasants to the game areas. A DNR driver recently complained to a newsman: "They're just like hounds. Everytime I go to Put some pheasants, there they are with their shotguns, ready to harvest."

That's good news, of course. But it isn't enough. The DNR has lots of trucks. Many more tracking harvesters are needed. And they must be trained and financed. It is not enough that men like Sparling fight gun controls. What this nation needs is legislation requiring a machine gun in every window and a ball's-cys on every animal.

Otherwise, there'll be a pheasant in the White House some day.

Jack Pine's Stump

As I write this I am about to leave for Minnesota to see a son who is in the United States Navy, he and my ex-wife and a whole flock of kids I managed to whelp. Actually, I had asked someone else to write "Jack Pine" this week, but the good-looking female I asked turned me down cold. She said she couldn't write - a fact which I knew to be completely wrong and utterly idiotic. But then she's usually completely wrong and idiotic herself, so I guess I wasn't too far off the mark anyway.

Actually, I would really like someone to write a "guest column" for "Jack Pine." The last time it was done was twenty years ago when my ex-wife (a fine person, by the way) wrote two for me when I had a horrible attack of the Shingles. By the way, Shingles, in spite of its weird name, is no joke. It's just painful as hell. The medic's give you a bunch of shots (six to be exact) and each one hurts more than the last. By the time you reach the last one, in my case, you would rather have died than take it. However, my nurse-type wife said I had to take it, the kids agreed, so I suffered the agony of the medication.

Anyway, since this beautiful gal won't write my column for me, and since I have to leave in a few minutes, I guess I'll just write what comes to mind. And

what comes to my mind can't, and shouldn't, be printed when you come right down to it. But there are a few things on the Jack Pine mind (such as it is) that I just think will relieve the pressure. Like, for instance, the guy who told me this morning that he snagged a trout weighing nearly fifty pounds. I didn't believe him, so he showed me a picture. I instantly became a believer. He also told me that snagging was illegal. As Irving McIsaac would say, "I didn't know that!" Of course, Irving couldn't tell a snagged fish from his derriere (and couldn't care less).

Let me see, what else is on the small Jack Pine mind this week? Well, there's always Trout Unlimited - ALWAYS my favorite subject. A friend in the Michigan Council showed me a letter recently in which it was stated that TU has again decided that it would be an excellent idea to tear out the dam above Ray's Canoe Livery. TU claims that the dam has no ecological value at all, that it warms the water too much and that it's a destructive value to the community. In my considered opinion, that's a bunch of bull-(expletive deleted). I feel that this community - The Historical Society, The Golf Club and the property owners who border the area, ought to raise up in arms and fight this stupid movement, which is dedicated to the self-interest of one small group of people. Believe me, I know: I used to belong to that group. And that's why most of the people in Trout Unlimited. (Michigan Council) no longer associate with..... JACK PINE

WHAT MICHIGAN NEEDS IS A GOOD, HONEST GOVERNOR.

Both candidates for
Governor have made
promises.

The difference is, Gov.
Milliken has kept his.

Gov. Milliken created new jobs.

It was Gov. Milliken who
produced 236,400 new jobs
for the people of Michigan,
through initiatives in tax

Gov. Milliken cut taxes.

It was Gov. Milliken who
reduced state taxes by
almost \$500 million in the

returned \$280 million to

Michigan city and county
governments this year.

Gov. Milliken aided education.

It was Gov. Milliken who
produced the historic school
aid legislation that now
assures every child in
Michigan an equal chance
for a quality education.

Gov. Milliken helped the
unemployed.

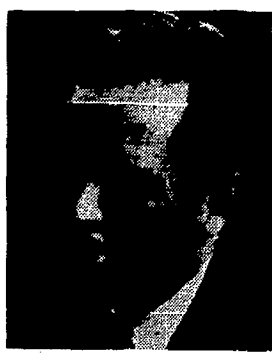

It was Gov. Milliken who
came to the aid of
Michigan's unemployed by
eliminating the "waiting

extending unemployment
benefits from 26 to 39
weeks, giving the average

Gov. Milliken helped the

And it was Gov. Milliken
who fought for Michigan's
400,000 Vietnam veterans,

GRAYLING, MICHIGAN — THURSDAY, OCTOBER 31, 1974

ON THE JOB

ELECTION DAY, NOVEMBER 5

Imagine waking up to a day in which over one-third of America's work force has capriciously decided to take the day off.

You amble to your front door, only to find your morning newspaper missing; the paper boy has gone fishing. After waiting an hour for your bus, you decide to walk to work; the driver, too, is away from his job. You arrive home at the end of a hectic day to find no groceries for dinner—your wife says the store was closed. The point is obvious: none of us can function without the performance of responsibilities by those on whom we rely.

Yet many of us apparently expect our country to operate smoothly when over one-third of us are "off the job" as citizens and voters. In 1972, for example, 80 million Americans—37 per cent of the electorate—failed to vote in the presidential election. Worse, in the last non-presidential election year—1970—nearly 50 per cent of eligible voters failed to cast ballots.

This year be "on the job" on Election Day 1974.

Your vote counts

THE BIBLE SPEAKS

From Calvary Baptist Church

SOURCES OF FAITH

In Hebrews 11:6 we are reminded that without faith it is impossible to please God. This should impress upon us the importance of our subject. Men are eternally lost without proper faith. Now all men have faith in something or someone, but all men do not have faith which pleases God.

Many people have faith based upon reason. They don't want to know anything about religion. They base their faith for the future on the facts they have acquired in life. They use reason to accept or reject any statement or belief pertaining to the spiritual realm. (Next week we shall discuss the faith of scientists.)

Many people have faith based upon feeling. They rely upon a religious experience to assure them of faith. I once talked to a lady who said God came down to her in a ball of fire near her clothes line. Others believe they are Christians because God has answered their prayers. Some claim God had talked to them in an audible voice. One man even told me God once lit his cigarette when he was without matches. The stories are almost endless of people who claim to have some kind of religious experience with God.

Many people have faith based upon good works. They believe that good people go to Heaven, and bad people go to Hell. They believe that God is going to judge all their life some day, and if their good works outnumber or outweigh their bad works they will be accepted by God. When someone dies they will often say, "He/she was such a good person, who lived such a good life, that if anyone makes it to Heaven she/he will."

Many people have faith in their church. Ask many people about their faith in Jesus Christ and they will tell you about their church relationship. They are trusting their membership

in an organization to meet their spiritual needs.

Many people have faith in ordinances. Ask them about their faith in Jesus Christ and they will tell you about their baptism. They believe baptism actually washed away their sins. Some believe they must partake of the Lord's Supper or other things of the church to be saved.

Many people have faith in ordinances. Ask them about their faith in Jesus Christ and they will tell you about their baptism. They believe baptism actually washed away their sins. Some believe they must partake of the Lord's Supper or other things of the church to be saved.

Now each of the above things are important to the Christian, but in themselves cannot produce or maintain faith pleasing to God. The Bible says, "faith cometh by hearing, and hearing by the word of God." Romans 10:17. Any faith which does not come from the teachings of the Bible is false faith.

A good definition of faith is found in Hebrews 11:1, "Now faith is the substance of things hoped for, the evidence of things not seen." What substance do we have which is a basis of things hoped for? Is logic? Is feeling? Is works? Is organization? Are ordinances? In themselves none of these things are substances of things hoped for. The Bible claims to be the only tangible substance of things hoped for. Romans 10:17 tells us that faith comes from the Word of God.

What evidence do we have of "things not seen"? Is your evidence of faith based upon logic, feeling, works, organization or ordinances? The Bible is the only tangible evidence to support our future hope in Christ. Is your faith in Jesus Christ based upon the Bible?

use last winter, has no restrictions this year.

Ratke advises motorists who intend to equip their cars with studded tires this winter to plan their trips with the various state restrictions in mind.

Florida, Hawaii, Louisiana, Minnesota, Mississippi, West Virginia and the Canadian province of Ontario prohibit the use of studs at any time.

Auto Club reports that Florida is interpreting its statutes so strictly as to have the effect of prohibiting the use of metal studs, although rubber studs are permitted.

Some motorists using metal studs on Florida roads have been stopped by the Florida Highway Patrol during the past two winters, Ratke states, and were forced to buy regular tires before being permitted to continue their trips.

States with no restrictions on studded tires are: Alabama, Colorado, Georgia, Kentucky, Maine, Missouri, Nevada, New Hampshire, New Mexico, North Carolina, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia and Wyoming.

In Canada, Alberta and Saskatchewan have no studded tire restrictions. British Columbia and Manitoba allow studs from Oct. 1 - April 30; New Brunswick, Oct. 16 - April 16; Nova Scotia, Oct. 15 - April 15; Newfoundland, Nov. 1 - April 30, and Prince Edward Island, Oct. 1 - May 31.

The province of Quebec allows studded tires on vehicles weighing less than 5,000 pounds during the period of Oct. 15 - April 15. They are banned on vehicles weighing more than 5,000 pounds, namely buses and trucks.

Subscribe to The Avalanche

your week ahead by DR. A.W. DAMIS

Forecast Period: November 3 to November 9

ARIES
Mar. 21 - Apr. 19 Most members of your sign face imaginary perils. The point? Move into a new venture, in the offering. There's, really, nothing to fear or fret about.

TAURUS
Apr. 20 - May 20 A decision made in the past, so it seems, demands reaffirmation. Stick by your guns; don't relinquish what you believed several months ago.

GEMINI
May 21 - June 20 Remember, repeating what you hear, based on hearsay, can be deadly. Avoid a gossiping "but-insky." During this cosmic cycle, silence will be golden!

MOONCHILD
June 21 - July 22 Throw yourself into a project that involves long term plans, also, avoid emotional outbursts that might be triggered by your jealous and suspicious nature.

LEO
July 23 - Aug. 22 There's no use of swimming against the tide. According to your chart, it's time to join your associates. In other words, if you can't "whip them; join them!"

VIRGO
Aug. 23 - Sept. 22 There's strange "goings on" in your chart. It seems as though an event taking place, at some distance... will affect your relationship with the opposite sex.

LIBRA
Sept. 23 - Oct. 22 Many members of your sign will be working at making friends with someone — who doesn't, particularly, care to encourage your attention or good will.

SCORPIO
Oct. 23 - Nov. 21 What you eat and drink plays a major role in this week's cosmic cycle. It would be a good idea to check into your diet and general health.

SAGITTARIUS
Nov. 22 - Dec. 21 There's always the chance that a friendship will drop in value, if one refuses to lend a helping hand when "the chips are down!" You'll test this theory.

CAPRICORN
Dec. 22 - Jan. 10 Thoughts about age and the future will haunt most Capricorns, during this week's cosmic cycle. So, it's time to review the past and prepare for things to come.

AQUARIUS
Jan. 11 - Feb. 10 This week's events might take a surprising twist. A member of the opposite sex, so it seems, might pin you down with responsibilities that you aren't ready to undertake.

PISCES
Feb. 11 - Mar. 20 Try to stay ahead of an unpredictable person who has become part of your job, task or project. Someone wants to "belittle" you in the eyes of a superior.
